YOUR SCREENING SCORE

54 / 108

SCREENING CATEGORY

Borderline

A starting point for reflection and support.

Your wellbeing across five domains

Points out of each domain maximum. Higher scores indicate more reported concerns.

0-35 No Risk / 36-70 Borderline / 71-108 At Risk

App-defined screening categories, not clinical diagnoses. Percentages are not a probability of illness. "No Risk" does not rule out a concern.

Understanding your results

REFLECTION, NEXT STEPS & CONTACTS

What your score suggests

Your responses suggest some areas may need attention. Consider discussing your concerns with someone you trust or a qualified health professional.

1 Reflect on your patterns

Notice the domains with the highest percentage scores and how they affect your day.

2 Talk with someone

Consider sharing this report with a GP or qualified mental health professional, especially if concerns persist or affect daily life.

3 Stay connected

Reach out to someone you trust. Seek help whenever you need it, regardless of your score.

Contacts & support

CIHE Australia | Pacific Highway

116 Pacific Hwy, North Sydney NSW 2060

sudingiri4@gmail.com

Emergency & crisis support

Immediate danger in Australia: 000. Elsewhere, call your local emergency service.

Lifeline: 13 11 14

Beyond Blue: 1300 22 4636

These contacts serve Australia. Elsewhere, use a local health provider or crisis service.

This report reflects self-reported responses and is not a medical diagnosis. Profile details are captured when the report is created. Share only with people you choose.
